## School Mission Statement

At Farleigh State School we promote kindness and tolerance offering an inclusive, loving and supportive environment for all students, one in which we aim to build self-confidence and ensure all students feel successful in their learning. Whilst we acknowledge the importance of all children receiving an academic education, we believe there is a 'bigger picture' approach to learning. We strive to ensure that every child has the skills they need to be successful in life; they take responsibility for their own learning, actions and belongings, they are happy, active and develop the self-belief to be the best they can be.

## School Overview

Farleigh State School is nestled in a rural retreat just off the Bruce Highway eight minutes north of Mackay, and caters for students from Prep to Grade 6. Farleigh State School boasts wonderful play areas, gardens, fruit trees and facilities. Farleigh prides itself in not only providing excellence in teaching in a friendly, safe, well-resourced and attractive environment, but strives to ensure that every child is given the opportunity to be the best they can be; academically, socially, emotionally and physically. An enrolment of approximately 28 students allows for two multi-age classes where quality teaching and learning focuses on small groups and individual students. All staff at Farleigh State School aim to ensure every student's needs are met, that each child experiences high quality learning programs, has the opportunity to access school excursions and extra-curricular activities such as robotics, board games, sports and activities. Our school motto is 'United We Achieve'.

## Principal's Foreword

### Introduction

Farleigh State School has had many successes in 2017 that we, as a school, are very proud of. We have initiated many wonderful programs to not only improve our academic achievements, but also the emotional and social wellbeing of our students.

Farleigh has a culture of high expectations, but in an environment where the individual can feel empowered, and is allowed to flourish and develop their own identity. Thus, 2017 saw a continued focus on individual reading and comprehension skills, supported by our I4S funding through the acquisition of extra support staff. Students receive daily reading and comprehension with individual practice sessions, via the utilisation of programs such as 'The Daily Five', 'Café Reading' and comprehension strategies. Our students have demonstrated improvement in their reading capabilities, with significant gains being made by most students, who can now read one year or more, above their age appropriate level. These results are supported by regular data collection.

The school has improved its interactions with the local, and wider community. We held, and attended, a number of events such as:

- ANZAC Day Memorial Service in Farleigh, where students recited a poem.
- Palm Fete, organised by Farleigh P & C
- Cluster Sports Day
- End of Year Awards and Concert Night
- School Camps
- Whitsunday Voices
- Farleigh State School Playgroup

Farleigh has also invested in the wellbeing of students by introducing a Breakfast Club, whereby all students can access a free breakfast at school every day.

This report contains our progress and results from 2017, as well as our future outlook in 2018. Should you wish a 'hard copy' of this report you can one from the school office.

Long Suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

## Environmental Footprint

### Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

The previously installed solar panels have helped reduce the quarterly electricity bill, as have the teachers actively ensuring lights, fans and air-conditioning are turned off when leaving the classroom. Recycling bins allow for all recyclable items – paper, cardboard, plastic bottles, tins etc. to be recovered. An underground water leak and a faulty toilet unfortunately increased our water usage, but the school is trying to offset this by an increased use of water from our rainwater tanks.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	21,959	329
2015-2016	21,068	175
2016-2017	24,317	6,561

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Prolonged and regular absences are brought to the attention of the Principal. Parents are contacted either by phone (first step) or via mail to ascertain reasons for absences. Parents are requested to complete 'reasons for absence' forms whenever a child is away. Where absences are not explained, an end of term note is forwarded to families seeking explanations for absences. Rolls are marked daily: am and pm, and reasons for absences are noted via a code. Parents with absent children are called prior to 9.00am to clarify why they are not attending school.
