

# Investing for Success

**Under this agreement for 2022  
Farleigh State School will receive**

**\$28,806\***

## This funding will be used to

Ensure our diverse and complex range of learners are receiving adequate support in class to access their curriculum entitlement; implement reading intervention for literacy support, speech programs to support communication and literacy / language, reducing barriers in teaching and assessment, support HIC and ICP implementation where necessary, behaviour support to ensure safety and engagement of all students.

## Our initiatives include

	Costs
Funding extra teacher aide hours to provide support to <b>all</b> students in accessing the Australian Curriculum using a UDL approach, reducing individual barriers to engagement, learning and assessment, supporting student safety and wellbeing and assisting the implementation of assessment tasks and data collection / collation	\$ 28,806
Total I4S Costs	\$ 28,806

## Our school will improve student outcomes by

- Enhancing **all** students' access to their curriculum entitlement.
- Supporting teachers to individualise their teaching and assessment and maximise their capacity to implement tailored and flexible programs.
- Allowing students to have access to human resources and supports so they are able to continue identifying and achieving their curriculum goals
- Supporting student and teacher wellbeing and safety
- Providing professional learning for staff, focusing on teacher aides, that enhances their capacity to build relationships and provide targeted, high impact support for all students
